IX. Mayor’s Dialogue

Mayor Gerald Brown- advised the Board in their packet was a letter from the Richwood High School Track Team requesting a monetary donation supporting their efforts to the girls and boys track team. The information provided to you includes contact information for the coaches. In addition to monetary donation, they will also accept water, juices, and small snacks.

X. Discussion of Potential Committees

Mayor Gerald Brown- advised the Board there was also a letter in their packet pertaining to the potential of us creating some committees; and to work on several agenda items I feel we need to work on and stress in our community. What I thought was potentially two Alderpersons,

myself, and a key employee beginning those committees and then once we get those started we would be reaching out to other stakeholders in the community in terms of some citizens, businesses leaders, and things of that nature to include them on those committees.

You will see the names of some of those committees and these are just ones I thought of and maybe you can think of some others that are needed. What I am asking is to look at these and kind of think about what committee you might want to participate on so that next month when we come back for our regular meeting we can possibly discuss this in more detail and get started on some of these committees and get started on some of this work that needs to be done.

Mayor Gerald Brown –stated to the forum, Governor John Bel Edwards went last week to Washington D.C and met with President Biden and a lot of the Infrastructure monies are getting ready to come down the pike. We know that for the State of Louisiana those folks, our Senators, and House of Representatives are going into session next month and that is when much of this money is going to be discussed in terms of how it will be given out from parish to parish and city to city. I think it's important for us to start putting some plans together and somethings in line so when we go to Senator Jackson or Representative Moore we got somethings in place that we want to concretely ask them about.

Mayor Gerald Brown- another thing I would like you to consider and think about before we get to our next Regular meeting is two things, #1 we need to get a contract with an engineer, that way we will be able to put together some small applications for some of these monies for roads, drainage, sewer, that kind of these.

The other thing I want to ask you guys to do is to select an auditor as well for this particular audit and then we can go on to the next one in a timely basis; not having an auditor is holding us back. We have a small grant for technology for this building, but we can not access those monies until we finish the audit.

XI. Jonathan Loftin from R2 Rental

Mayor Gerald Brown- introduced Jonathan Loftin as the owner of what was previously known as Better Way Garbage, which was purchased from Mr. Goins.

Mr. Jonathan Loftin- addressed the forum and introduced himself and invited the community to attend an information luncheon on Thursday, March 2nd where he would like to have an informal discussion with the community pertaining to garbage service.

XII. Codarion White: Requesting Permission to open Beaux's Kitchen & Kocktails

Mr. White – introduced himself and addressed the forum and advised he was requesting the permission of the Board to open Beaux's Kitchen & Kocktails at the location where the Hot Spot was previously.

Mr. White- indicated to the forum the establishment would be open Monday thru Thursday 7:00 p.m. to 12:00 a.m. and Friday thru Saturday 7:00 p.m. to 2:00 a.m.

It was motioned by Alderman Wilbert Reed, Jr. and seconded by Alderman Simeon to grant permission to Mr. Codarion White to open Beaux’s Kitchen & Kocktails. .
